

Congrats on your upcoming purchase!

We partner with VIP Mortgage, and work as a brokerage (no broker fees just a service to you) and no obligation to use us of course. But we represent multiple highly rated insurance carriers. I am able to take your information and search it, be your advocate, and see who will offer you the best rate & coverage combination!

I have the majority of the information I need to do the quote, I just need a few underwriting and preferred rating questions answered. We can make time tomorrow, but if you prefer e-mail, just reply to the answers below! Thanks for your time!

Underwriting:

- Dogs? (if yes what breed)
- Pool? (If yes diving board or slide)
- Trampoline? (if yes netted?)
- Fireplace:
- Primary home? (if rental, short or long term?)

Preferred rating

- Gated community?
- Alarm that would sound and report to central station?
- Smoke alarms/dead bolt locks/fire extinguisher?
- Best pricing is generally if you bundle auto, although we can beat rates w/ out it, it is good to check it all at once. For that quote I just need...
 - VIN(s)
 - DL Number
 - Estimated annual mileage driven
 - Highest level of education completed

Congrats on your home closing!

We were supposed to reach out to you, but as we were fixing our lead system to try and improve and simplify the process, we had a few hiccups along the way. Sorry for not reaching out sooner. Even if you want to wait to renewal, keep us in mind for your insurance needs!

Congrats on the loan funding for Austin! I haven't met you I don't think in person or via e-mail, so I wanted to introduce myself! We are VIPIN (VIP Insurance Services...) we work as a brokerage (no broker fee's) but represent multiple highly rated insurance carriers for home insurance.

If your clients ever have bad credit, claims history, or simply are first time home buyers and don't know where to start, I would love a shot at their business. If you have five minutes maybe we could jump on a call so I could explain our process ☺ there is a "request a quote" button in Spear, and its nice and easy to do. Let me know!
